### EDUCATION

---

**Kelley School of Business, Indiana University**, Bloomington, IN May 2023  
*Master of Science in Information Systems* GPA: 3.7/4.0

- MSIS Ambassador: Guided and encouraged undergraduate candidates at informational events, career fairs, and a case competition to better prepare them for business graduate programs

**Luddy School of Informatics, Indiana University**, Bloomington, IN August 2022  
*Bachelor of Science in Informatics; Minor in Spanish* GPA: 3.74/4.0

- Dean's List for six semesters
- Culture Chair, IU Dance Marathon Public Relations: Organized morale-boosting events for a dedicated committee while cultivating a culture of care. Collaborated with co-chairs and committee members to create and publish content for organization's social media, leading to a committee record of over \$74,000 raised for Riley Children's Hospital in 2021.

### EXPERIENCE

---

**Indiana University**, Bloomington, IN August 2022 – Present  
*Graduate Assistant – Computers in Business*

- Assisted upwards of 120 students in an undergraduate business course, committing 12 hours a week to boost student development and knowledge of Microsoft Access and Excel
- Collaborated with instructors and peer tutors to lead lab sessions, grade projects, and act as a mentor to improve student performance while increasing their comfort with the subject area

**Ernst & Young**, Chicago, IL June 2022 – August 2022  
*Tax Technology Intern*

- Monitored and researched relevant performance improvement trends, tools, and technologies by transforming data from an internal tax platform using Alteryx and PowerBI
- Created and collaborated on extensive hands-on analytics software development projects using knowledge of SQL and Excel
- Identified and implemented enhancements to ongoing service delivery capabilities for clients with feedback from client engagements, partners, and managers

**LSC Communications**, Indianapolis IN July 2020 – August 2020  
*Quality Control Intern*

- Carried out quality control by performing queries on Logistics Pro to ensure accuracy of distribution center data
- Conducted hands-on quality control of individual packages and pallets to improve accuracy of all outbound orders

### TECHNICAL

- 
- Tools/Environments: Microsoft Visio, Excel, Access, SAP HANA, Tableau, Alteryx, PowerBI
  - Programming: Python, Java, R, SQL, HTML/CSS, JavaScript

### ADDITIONAL

- 
- Interest all things mechanical and electronic, especially automotive. Always curious to investigate how everyday items work.
